JAGUAR CHIPS

The Platinum XT works with all Jaguar timing chips, including our disposable and reusable versions.

Selecting the right chip for your event is crucial. That's why we manufacture over 10 different chips that all work with our Jaguar timing systems. Instead of a one-size-fits-all approach, as our competitors will suggest, we have engineered unique designs for nearly any type of event. This results in far superior reliability and read rates.

A SMART INVESTMENT

Question: How many companies use your systems?

Answer: Over 500 companies in over 40 countries use Jaguar Platinum systems to time over 20,000 events each year.

Question: Do I need to purchase a different Platinum XT for a 5K start and finish line?

Answer: No, not if you are timing an out-and-back race, such as a 5K or 10K. If you have a different start and finish location, you will need a second system, unless you use a Gun start for the event.

Question: What do you mean by grow your races and business with confidence?

Answer: Many companies that use Jaguar have started with just one or two Platinum systems to time small running races (typically less than 200 participants). The very quick return on investment with their Platinum systems allowed those companies to quickly grow their business and add more systems. The ability of the Platinum XT to time any kind of running, cycling, adventure, triathlon or motorsport events, makes it the ideal choice for any new or existing timer that wants to create or expand their business.

Customer Success Story

Jaguar Fact: Tom Jordan, Owner of J3 Timing in Chicago, IL, started his business a few years ago with a single Jaguar Cubby and just 12 races the first year. In 2017 alone, Tom and his crew timed over 230 events.

Question: What else can you do to help me grow my business?

Answer: When you select a Jaguar timing system, you also benefit from our **ITS YOUR RACE** registration and results service. Our integrated solution seamlessly allows you to:

- Set up registration
- Create fundraising opportunities
- Advertise your event
- Target specific individuals across multiple demographics
- Process race-day bib assignments
- Upload results and photos in real-time
- Provide kiosks with instant results
- Create custom finisher certificates
- Send updates to social media platforms such as Facebook
- Provide your athletes a **FREE Mobile App** and more!

DID YOU KNOW?

Almost half of all running athletes run with a mobile device. Give your participants and spectators a powerful tool that will allow them to look up all of the event information, get their bib number for packet pickup, track an athlete, and pull up results immediately following the event.

The ITS YOUR RACE and Jaguar architecture has revolutionized races around the world. The integration between timing, registration, photos and social media, is superior to all other platforms.

ITS YOUR RACE INTEGRATION

ITSYOURRACE	Features	Unique Benefits
Race Organizer	Event Listings Online Registration and Race Day tools	List all your events for free and customize the look of your registration page to your brand. Keep registration open longer and enjoy a smooth packet pickup process.
Charity and Non-Profits	Donations and Fundraising	Raising donations for your event's cause and getting participants to create a fundraising campaign can be added to the race registration. On average, collect about 50% more than with a classic registration solution.
Sponsor	Digital space (App, Photos)	Various packages available including logos on any of the automatically captured photos.
Timer	Integration Support	Automatically download the participant's list onto the timing systems and automatically upload the results back to the registration platform. Full support staff available 364 days a year via phone and email. We're just a phone call away.
Participants Friends and Family	Free Mobile App	Get all the information you need about the event, including packet pickup, and get your race results instantly. Easily search for your name or bib number and see a complete breakdown of your performance. Our new Mobile App allows you to get the LIVE location of your favorite participants along the course with our GPS tracking feature.

YOU ARE MIGHTY!

CUSTOMER TESTIMONIALS

"This is our 6th year using Jaguar products and we are thrilled with the performance, reliability, and accuracy of all their solutions. They offer a wide array of products that give us the tools we use to differentiate ourselves in the market. These tools along with their full integration is amazing. From registration to results, the Jaguar suite of products have allowed us to excel in the race timing industry. Their support is amazing and I've never seen anyone who comes close to them. We highly recommend the entire Jaguar platform." - Henry Praska, Karma Race Management, Brainerd, MN

"We had a 100% read rate in pouring rain at our mountain bike race, and we had people coming across the finish line very fast. The Jaguar B2 chip with the Platinum XT and the Side Antenna configuration is simply said the best solution money can buy."

- Bruce Bokish, PrecisionRace, Raleigh, NC
